

CMPT 371
Team 3
February 28, 2017

Meeting 4:00 pm – 5:00 pm

Purpose of meeting: Update Luxsonic on the progress for ID3, discuss the SIIM innovation challenge

Group Members Present: Janelle, Mackenzie, Kyle, Heramb, Evan, Kyle, Nhi, Brianne, Brady, Jack

Meeting Location: S386

Summary:

- Discussed the repository's visibility: a public repository is OK for now
- Briefed Mike on progress for ID3 and the features that were implemented
- Discussed plans for ID4, including which features will or will not be included
- The Luxsonic workstation will be needed soon, discuss with team and Merlin
- SIIM Challenge: the team wants to participate
 - Luxsonic can handle the written report
 - Ix will talk to the media lab about filming video
 - Team members should send a short 3-4 sentence bio to Janelle by March 13
 - Have a showcase-ready build completed by the end of March 12
 - What if we advance to semi-finals?
 - Luxsonic could fund a ticket
 - Other sources of conference funding
 - If we win, winnings can help offset cost of tickets
- Local health conference in June: present the project there, network, get recognized for your work
 - Late June, coincides with Jazz Festival
 - Figure this out
- Other intern/work opportunities are available
 - We should work this out much later in the semester
 - No one should feel pressured to continue
 - Any work done outside of the class boundaries should be fairly compensated
- Dr. Babyn would like to test the application when we've reached a stage where radiologists should demo it.
- Mike will come to the ID3 presentation on March 7 at 4pm.
